CS 114: Fundamentals of Programming

Syllabus

Lecture/Lab Hours/Credits: 3/3/4

Catalog Description

Prerequisite: EN 060 - Introduction to College Reading and English II

This course uses an object oriented, event-driven language to teach fundamental programming concepts. Students with no previous programming experience learn to plan and create interactive applications using Python. Key programming concepts include how to work with various controls, as well as, how to create and manipulate variables, constants, sequential access files and arrays. Graphical User Interface design skills are also covered. Students will be able to develop a variety of business-related programming applications.

Textbook and Course Materials

It is the responsibility of the student to confirm with the bookstore and/or their instructor the textbook, handbook, and any other materials required for their specific course and section.

Evaluation Assessment

Online Proctoring

All courses offered at RCSJ, whether they are web-enhanced, hybrid, or fully online, may include assessments that make use of Online Proctoring. To find out more about Online Proctoring and to learn about the minimum technical requirements, visit rcsj.edu/elearning/online-proctoring.

Grading Distribution

Grading to be determined by individual instructors. Students will be provided with hands-on projects to design, integrate, and demonstrate their learning experience that complements the textbook material. Individual instructors may include the following assessment(s):

- Exams
- Quizzes
- Terms Identification
- Essays
- Presentations
- Group Discussions
- Attendance and Participation

Grading

The grading scale for each course and section will be determined by the instructor and distributed on the first day of class.

Rowan College of South Jersey Core Competencies

(Based on the NJCCC General Education Foundation - August 15, 2007; Revised 2011; Adopted 2014)

This comprehensive list reflects the core competencies that are essential for all RCSJ graduates; however, each program varies regarding competencies required for a specific degree. Critical thinking is embedded in all courses, while teamwork and personal skills are embedded in many courses.

1. **Written and Oral Communication:** Students will communicate effectively in both speech and writing.
2. **Quantitative Knowledge and Skills:** Students will use appropriate mathematical and statistical concepts and operations to interpret data and to solve problems
3. **Scientific Knowledge and Reasoning:** Students will use the scientific method of inquiry, through the acquisition of scientific knowledge.
4. **Technological Competency:** Students will use computer systems or other appropriate forms of technology to achieve educational and personal goals
5. **Society and Human Behavior:** Students will use social science theories and concepts to analyze human behavior and social and political institutions and to act as responsible citizens.
6. **Humanistic Perspective:** Students will analyze works in the fields of art, history, music, or theater; literature; philosophy and/or religious studies; and/or will gain competence in the use of a foreign language
7. **Historical Perspective:** Students will understand historical events and movements in World, Western, non-Western or American societies and assess their subsequent significance.
8. **Global and Cultural Awareness:** Students will understand the importance of a global perspective and culturally diverse peoples.
9. **Ethical Reasoning and Action:** Students will understand ethical issues and situations.
10. **Information Literacy:** Students will address an information need by locating, evaluating, and effectively using information.

CS 114 Core Competencies

This course focuses on three of RCSJ's Core Competencies:

- Technological Competency

Student Learning Outcomes

Successful completion of CS 114 will help students:	RCSJ Core Competencies	Evaluation / Assessment (Additional means of evaluation may be included by individual instructors)
Summarize the characteristics of a computer programming language; design programs applying a planning process; and evaluate the program design by testing throughout the development process	Technological Competency	Homework/ skill-based assignments Quizzes Computer lab projects
Design computer programs, explain the differences between program windows including graphical user interfaces	Technological Competency	Homework/ skill-based assignments Quizzes Computer lab projects
Implement the use of various object types like variables and arrays along with calculations within a program	Technological Competency	Homework/ skill-based assignments Quizzes Computer lab projects
Write programming code that integrates controls like logical conditions and looping functions	Technological Competency	Homework/ skill-based assignments Quizzes Computer lab projects
Write programming code that is designed to apply string manipulations of information provided by the user	Technological Competency	Homework/ skill-based assignments Quizzes Computer lab projects
Write and compile computer programming code that uses functions and GUI to structure the code logic and I/O processes more efficiently	Technological Competency	Homework/ skill-based assignments Quizzes Computer lab projects

Note: Students will be provided with hands-on projects to design, integrate, and demonstrate their learning experience that complements the textbook material.

Topical Outline

- Introduction to Programming
 - Computer Systems
 - Programming Languages
 - Software Development and Applications
 - Types of Errors in Programming
- Data Types/Expressions
 - Numerical Data
 - Strings
 - Comments
 - Lists
 - Booleans
 - Arithmetic Expressions
 - Using Library Functions
- Condition Statements
 - If Statement
 - If and If-Else
 - While Statement
 - For Loop
- Strings and Text Files
 - String Formatting
 - String Methods
 - Using Text Files
 - Data Encryption
- Lists and Dictionaries
 - Lists and Tuples and corresponding Methods
 - List Comprehensions
 - Dictionaries and corresponding Methods
- Designing with Functions
 - Defining a function
 - Design with simple functions
 - Design with recursive functions
- Graphical User Interfaces
 - Terminal vs. GUI-Based Programs
 - Coding a Simple GUI-Based Program
 - Windows and Window Components
 - Input/Output with Entry Fields

Affirmative Action Statement

The Board of Trustees is committed to providing a work and academic environment that maintains and promotes affirmative action and equal opportunity for all employees and students without discrimination on the basis of certain enumerated and protected categories. These categories are race, creed (religion), color, national origin, nationality, ancestry, age, sex (including pregnancy and sexual harassment), marital status, domestic partnership or civil union status, affectional or sexual orientation, gender identity or expression, atypical hereditary cellular or blood trait, genetic information, liability for military service, or mental or physical disability, including AIDS and HIV related illnesses.

For questions concerning discrimination, contact Almarie J. Jones, Special Assistant to the President, Diversity and Equity/Title IX and Compliance, 856-415-2154 or ajones@rcsj.edu or (Cumberland) Nathaniel Alridge, Jr., JD, Director, Diversity and Equity/Title IX and Judicial Affairs, 856-691-8600, ext. 1414 or nalridge@rcsj.edu. For disability issues or any barriers in the learning or physical environment related to a document condition/disability please contact: Gloucester campus – Dennis M. Cook, Director, Department of Special Services, ADAAA/504 Officer at 856-415-2265 or dcook@rcsj.edu; or Cumberland Campus – Meredith Vicente, Senior Director, Physical & Learning Disabilities, Center for Academic & Student Success (CASS) at 856-691-6900 ext. 1282 or mvicent1@rcsj.edu

Department of Special Services

The Department of Special Services, located in the Enrollment and Student Services building, within the Testing Center, welcomes students of all abilities. The staff members in Special Services are committed to providing support services and ensuring equal access to eligible students with documented conditions/disabilities as outlined by the Americans with Disabilities Act (ADA) and the Americans with Disabilities Act with Amendments Act (ADAAA). For more information, please visit our website-[Department of Special Services](#) or call 856-691-8600 x1445 or x1487.
